

Community Members

Although OSHC operates outside of school hours it is an integral part of the school and provides a service to many families. It is important that everyone is aware of the state and federal legal framework that has been established to ensure that its integrity is not compromised. Repeated breaches may result in the withdrawal of the license to operate.

The following areas are occupied by OSHC at all times.

- The OSHC room
- School hall

The following areas with prior arrangement with the OSHC and School may be used.

- Existing oval
- Library
- Basketball courts
- Pre-primary play area

The main issue for licensing here is that outside school Hours Care children are always in a separated space from the general public.

This means consulting OSHC personal if a space is needed so that other arrangements can be made for the OSHC children.

The Outside School Hours Care are legally bound to comply with regulations from the Department of Education and Care Regulatory Unit.
