

COVID-19 Communication between parents and school

Email: admin@stanthonysgreen.wa.edu.au

School hours: **9294 5500**

COVID-19 after school hours : **0447 637 384**

If your child is a close contact

Advise school via admin@stanthonysgreen.wa.edu.au or phone **9294 5500**

and follow WA Health advice:

If your child has been identified as a close contact of a person who has been diagnosed with Coronavirus Disease 2019 (COVID-19), your child must stay home for at least 7 days from their last time/date of contact with a positive case of COVID-19, or as advised by WA Health:

If a child needs care throughout their self-quarantine period, the parent/guardian will need to quarantine with them. Families should choose one parent or guardian to quarantine with the child for the entire quarantine period. Switching parents or guardians is discouraged. If a sibling or other child cannot adequately separate from the close contact, that sibling or child should also quarantine with the parent or guardian and close contact.

If your child is confirmed as a positive case

Advise school on admin@stanthonysgreen.wa.edu.au AND call the school on **9294 5500**

or the St Anthony's afterhours on **0447 637 384** and follow WA Health advice.

If your child has been diagnosed with Coronavirus Disease 2019 (COVID-19), your child must stay home for at 7 days or as advised by WA Health.

At Day 7, if symptoms are present remain in isolation until symptoms clear. If no symptoms after Day 7, leave isolation and no testing is required.
