Dear Parents and Caregivers,

It is vitally important that parents and caregivers inform the school if their child tests positive for COVID-19.

To support our planning for your child's classroom attendance, please continue to notify St Anthony's School if your child returns a negative PCR/ RAT result, after:

- being identified as a close contact (Day 1 test to return to school as an asymptomatic close contact), and/or
- being identified as a household close contact (Day 7 test to conclude quarantine).

To help streamline this process a [COVID-19 Self-reporting Form for Students and Staff members](#) has been developed by Catholic Education WA (CEWA). Parents and caregivers can now inform the school of their child's positive or negative COVID result via this [LINK](#). The information will go directly to the Principal, prompting our COVID response.

The link is also available on the St Anthony's School website: [St Anthony's School Website](#)

Please do not underestimate the importance of informing St Anthony's School of a positive COVID case. Your actions will ensure the risk to others is minimised and that we do our very best to limit the spread of the virus across our community.

Kind Regards,

Greg Green

Principal
