

St Anthony's Parent Helpers Procedure

Parents are invited to assist with classroom routines (e.g. reading) on a roster basis, particularly in the lower grades.

A Working With Children Clearance is required for any parent who works with or near children for 5 or more days in the school year. Working With Children Clearance applications can be obtained from the school office. The application fee of \$10 is covered by the school.

When working within the school, parents are required to note the importance of confidentiality – *'what happens in the classroom stays in the classroom'*.

Parents are also invited to assist with supervision of students on excursions and school camps for the purpose of meeting minimum student/adult ratios.

These procedures can vary from class to class. See the class teacher for the appropriate details.
